OFFICE OF PETITIONS

April 17, 2007

U.S. Patent and Trademark Office

Please accept this petition for your acceptance of my payment of the maintenance fee and penalty.

I learned for the first time on Sunday, April 15, 2007 that maintenance fees are required.

I called your office on Monday, April 16, 2007 but your telephone system was not working.

I called again on Tuesday, April 17, 2007 and was told to complete Form SB65 and that the fee would be \$1640 plus a penalty of \$65 for a total of \$1705.

and a check for \$450.00

A check for \$1705 is enclosed. If my information is not correct and if I need to send more money, please call me at 703 430-6792. If no answer, please leave a message stating any additional payment needed.

Thank you.

System and method for transmitting and processing loan data

Abstract

An automated system for collecting and disseminating loan information over a network connection includes a server which receives loan data, including daily loan data, from lenders and stores the loan data in a database. A web server provides to users (e.g., brokers, correspondents, or retail loan customers) interactive web content including loan information and a list of loan criteria which would affect the quoted points, rate, cap, or margin associated with a particular loan. The web server receives a user's applicable loan criteria selected from the list of possible loan criteria. And uses that applicable loan criteria and the loan data from the lender to create a list of adjustments to the points, rate, cap or margin. A quoted interest rate and the list of applicable adjustments are transmitted by the web server to the user.
